Main Characters: Stephany, Max, Carlo, Ruth, Luigi, Carlo's parents

Story Setting: In Genoa, Italy

Story Summary: Stephany and Max are couple and they visited Italy as a vacation. They stay at Carlo's flat in Italy and Carlo is a friend of Stephany. One day, Stephany tempted Carlo and they lied to their partners: Max and Ruth. The story tells us 'the importance of truth'.

Write 1 fact and 1 opinion about this story: Stephany and Carlo are old friends. Carlo liked Stephany as a woman long ago, but she didn't. However a few years later, they met again and she felt that he is attractive. Actually, Stephany had a boyfriend and Carlo was married Ruth and had a children. Stephany tempted Carlo and he loosed his mind. I couldn't understand their behavior. I think that Carlo steeled himself to tell her no or he told truth for Ruth if he felt real sorry. Above all, Stephany must be out of her mind.
