We aim to assess students' achievement by comparing their performance at the beginning and the end of the course.
No separate test will be conducted; instead, please evaluate students based on their spoken performance during class activities.
Please rate each item on a scale of 1–5 and add up the scores. (Maximum score: 20)
※ Higher scores indicate higher levels of achievement.

센터(반):		1/12~1/13(Beginning)					1/21~1/22(End)
